

**Inks, colors, and supplies...your way.
Guaranteed!**

Date: 12/18/18

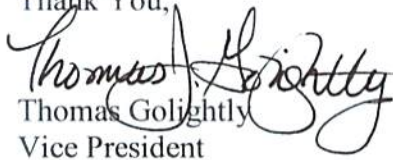

To whom it may concern,

In the manufacturing of its products, One Stroke Inks does not knowingly use any of the six (6) listed phthalate containing plasticizers identified in Section 108 of the Consumer Product Safety Improvement Act of 2008 (CPSIA), entitled "PROHIBITION ON SALE OF CERTAIN PRODUCTS CONTAINING SPECIFIC PHTHALATES", including benzyl butyl phthalate (BBP), dibutyl phthalate (DBP), di-(2-ethylhexyl) phthalate (DEHP), diisononyl phthalate (DINP), diisobutyl phthalate (DIBP), di-n-pentyl phthalate (DPENP), di-n-hexyl phthalate (DHEXP), dicyclohexyl phthalate (DCHP). One Stroke Inks does component testing on these products and will provide third party test results for customers who use them. We do not test the final products for amounts of the aforementioned phthalate plasticizers, however, and encourages all users to conduct testing for their intended use. To the best of our knowledge, our inks are phthalate compliant with the CPSIA of 2008.

Should you require additional information or have further questions, please do not hesitate to contact us.

We appreciate your interest in our products and the services provided by One Stroke Inks.

Thank You,

Thomas Golightly
Vice President

***One Stroke Inks does not knowingly use any of the "banned" phthalates in the manufacture of our products. This information is believed to be accurate based on information provided to One Stroke Inks by our suppliers. This information is given without guarantee and does not constitute a warranty. Due to conditions that are out of our control, i.e., handling, processing, and application, One Stroke Inks can assume no liability for the end results of this product. All users should, prior to use, determine the suitability of One Stroke products for their specific applications. No warranties, expressed or implied are given.
