

**Inks, colors, and supplies...your way.  
Guaranteed!**

## Conflict Minerals Declaration

Dear Valued Customer,

In the manufacture of our inks, One Stroke Inks does not knowingly use any products that contain any of the following conflict minerals: cassiterite (tin), columbite-tantalite (tantalum), wolframite (tungsten) or gold. To the best of our knowledge and based on information received from our suppliers, our inks are free of any of these items. We do not test the final products for amounts of the aforementioned minerals, however, and encourage all users to conduct testing for their intended use.

Should you require additional information or have further questions, please do not hesitate to contact us.

We appreciate your interest in our products and the services provided by One Stroke Inks.

Thank You,

EJ Golightly  
President

\*\*\*One Stroke Inks does not knowingly use any of the above mentioned minerals in the manufacture of our products. This information is believed to be accurate based on information provided to One Stroke Inks by our suppliers. This information is given without guarantee and does not constitute a warranty. Due to conditions that are out of our control, i.e., handling, processing, and application, One Stroke Inks can assume no liability for the end results of this product. All users should, prior to use, determine the suitability of One Stroke products for their specific applications. No warranties, expressed or implied are given. All compliance information can be found under the Tools & Downloads tab at [www.onestrokeinks.com](http://www.onestrokeinks.com).
