

d•Grease™ Degreaser and Surface Cleaner

Environmentally Friendly • 100% Biodegradable • Non-Toxic and Non-Caustic

Made from distilled corn oil for the ultimate in consumer safety and environmental health, d•Grease™ is a fast drying cleaner which insures a properly prepped mesh. Helps in eliminating pin-holes, and does not pose any dangerous side effects from toxins found in other degreasers. Also ideal for counter tops and light tables.

To Use:

- 1. Pour or spray a generous amount on screen.**
- 2. Work into both sides of the screen with a scrub brush or Franmar's White Biggee Pad.**
- 3. Be sure to scrub near frame edge and on frame to remove any contaminates which may still be on the frame.**
- 4. Rinse screen thoroughly with water on both sides.**

✓ **Tip #1** Remember, the cleaner the screen, the better the emulsion adheres to the mesh.

✓ **Tip #2** Works well for removing leftover cleaning residue.
