

TECHNICAL DATA SHEET

SHORT DESCRIPTION:

Low temperature adhesive powder for use with heat transfers. Whether you are printing high or low temperature transfers, this product will provide improved adhesion, stretch, bleed resistance, and softness.

ELT ZIP FASHION POWDER BENEFITS:

- Can be applied manually or by powder applicator
- Low melt temperature for use with high or low temperature transfers
- Preferred powder for ELT Zip Transfers and X Transfers
- Excellent for detailed prints

Important Note: If you require maximum bleed resistance on fabrics such as sublimated polyester, ELT Zip Performance Powder is recommended.

Always perform a pretest print and test cure conditions on the fabric to be printed to establish the best results. Stir inks vigorously before each use. Viscosity may need adjusting for best results. If there is ever a question about a print job, call us at 800-942-4447. We are always happy to help!
